

## **Pantry Slide for Grand Design 2670MK**

This plan was created for my 2020 Grand Design Imagine 2670MK, all dimensions should be checked to assure they will work with your application.

Main frame was created from 1"x8" pine ripped to size.

Custom bungees were made from 1/4" black bungee cord: ([https://www.amazon.com/gp/product/B01AAZ0RX4/ref=ppx\\_yo\\_dt\\_b\\_search\\_asin\\_title?ie=UTF8&th=1](https://www.amazon.com/gp/product/B01AAZ0RX4/ref=ppx_yo_dt_b_search_asin_title?ie=UTF8&th=1))

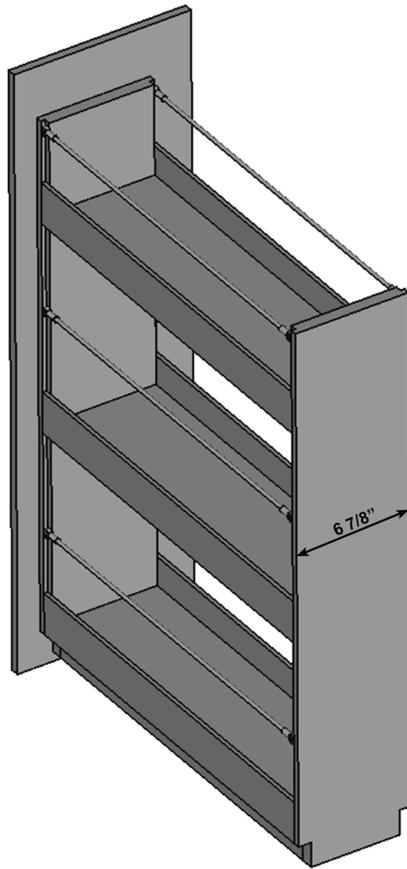

Bungee hooks: ([https://www.amazon.com/gp/product/B08XJ23DN3/ref=ppx\\_yo\\_dt\\_b\\_search\\_asin\\_title?ie=UTF8&psc=1](https://www.amazon.com/gp/product/B08XJ23DN3/ref=ppx_yo_dt_b_search_asin_title?ie=UTF8&psc=1))

Drawer Slides: ([https://www.amazon.com/gp/product/B07G4L8B3F/ref=ppx\\_yo\\_dt\\_b\\_search\\_asin\\_title?ie=UTF8&th=1](https://www.amazon.com/gp/product/B07G4L8B3F/ref=ppx_yo_dt_b_search_asin_title?ie=UTF8&th=1))

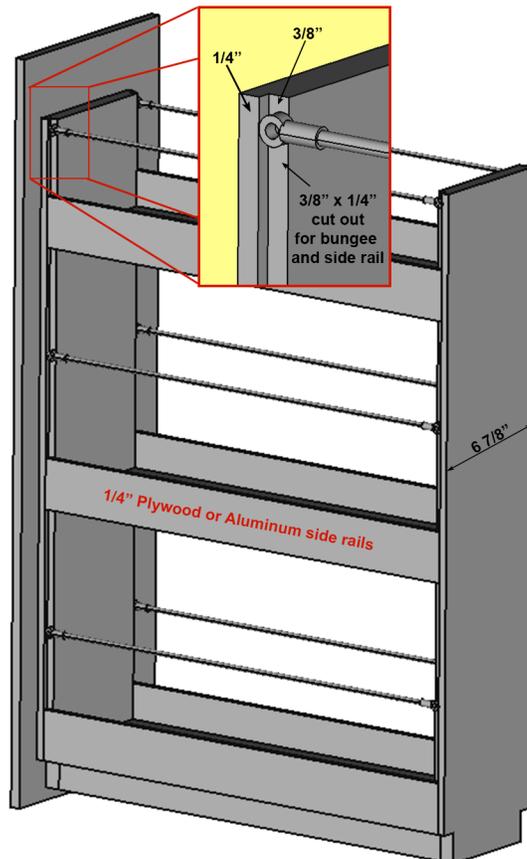

RV Cabinet Locks: ([https://www.amazon.com/gp/product/B09CZFWTMT/ref=ppx\\_yo\\_dt\\_b\\_search\\_asin\\_title?ie=UTF8&psc=1](https://www.amazon.com/gp/product/B09CZFWTMT/ref=ppx_yo_dt_b_search_asin_title?ie=UTF8&psc=1))

Existing Center Shelf in upper and lower cabinets must be removed to allow slide to fit. Shelf and supports are attached using staples, use caution to not damage paneling.

I beefed up the existing shelf bottom in the upper cabinet to support the slide and drawer slides. In the lower cabinet use care, screws used on floor should be less than 1" long.

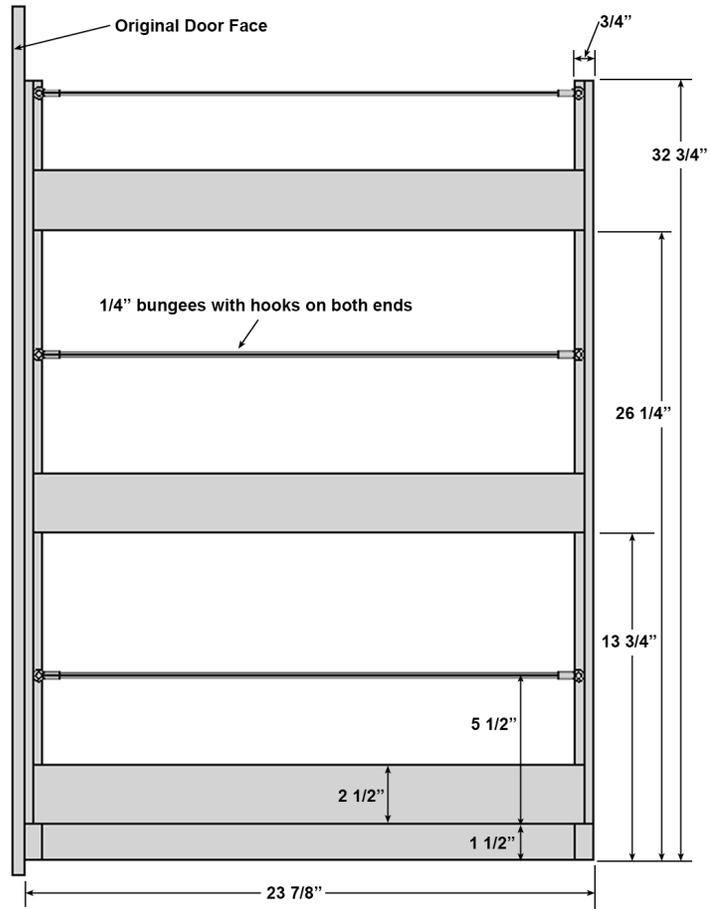

**2670MK Pantry Drawer Slide**

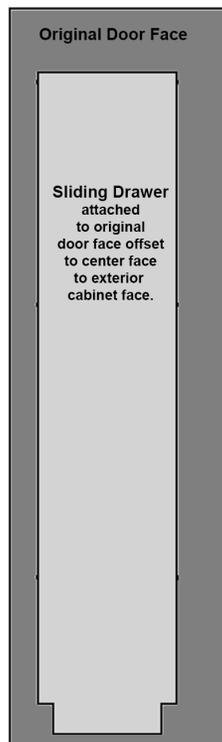

24" Drawer Slides mounted in this area on both sides.
